Tips for Negotiating a Raise

Research Market Value:

Understand salary standards for your role and experience.

Document Achievements:

Record your contributions, successful projects, and added responsibilities.

Align with Company Goals:

Show how your work supports the company's objectives.

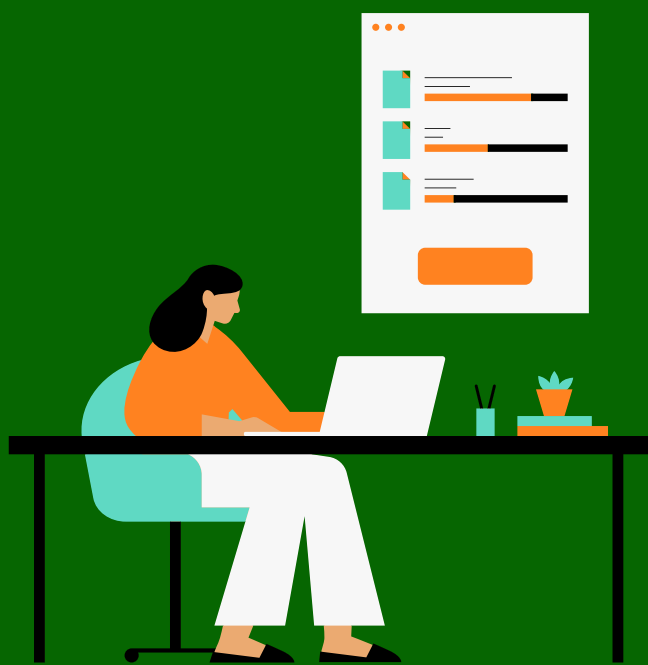

Choose the Right Time:

Plan discussions around performance reviews or after notable achievements.

Prepare Your Pitch:

Practice your pitch, focusing on achievements and maintaining a professional tone.

Quantify Your Request:

Research salary ranges and present a specific figure based on data.

Time Wisely:

Choose a moment when your manager is likely to be receptive.

Provide Proof:

Create a chart of responsibilities and results, highlighting new duties and innovations.

Follow Up:

Seek feedback and set goals for future performance reviews.
